

DEPLOYMENT DETAILS

1-3 October 2010

If there is anything contained in this deployment information list that you do not understand, contact your Unit Deployment Manager for assistance. Ensure all of your personnel requirements (i.e., new ID cards, dog tags made, update/change emergency data card) are accomplished prior to your scheduled unit assembly time.

Are you ready?

October 1st the Air Combat Command Inspector General team will arrive at our base with one goal in mind. Testing the 132d's ability to mobilize and deploy our forces and F-16 aircraft in support of our Nation's goals and objectives. I have one question. Are you ready? Ready to do what? Are you ready to deploy? That question opens up a host of areas to consider. For instance, do you have your medical requirements accomplished? How is your Personal Readiness Folder (PRF) looking? Did you accomplish/document all your training requirements? Is your personal bag packed with the minimum clothing requirements?? All these items have one thing in common. They are your responsibility. Not your commanders, not your UDMs, and certainly not your moms. YOURS and yours alone. We have people readily available to help ensure you understand the requirement. I ask that you take this responsibility seriously. I will ask again, are you ready to deploy?? If not, I need you to talk to your supervisor before you leave September drill so we can ensure that when you return for the ORI in October, all your affairs are in order.

Now that you are ready personally, what about professionally?? Do you know your job and how you fit in the bigger piece of the puzzle? How does what I am doing contribute to the overall goal of deploying our forces and equipment to support our Nation/State/Community? When the inspector asks you a question, show them what you know. If you don't know the answer, it is ok to say, "I don't know, but will find out". I guarantee that numerous people will be asked, "what is the current FPCON and why", and "what is the duress word and the sign/counter sign". If you don't know the answer to these questions, ask. Another important area when approaching an inspection is attitude. Over the years I have read numerous Inspector General reports. Units that should have scored an overall lower rating were subjectively upgraded to the next higher grade due to one thing. ATTITUDE. Attitude is an infectious thing. A poor attitude is just as infectious as a good one. Have a positive attitude and lift your team to a higher level.

Our October ORI is the 132d's chance to shine. We are a team, and we are only as strong as our weakest teammate. If you arrive in October personally and professionally ready to meet the challenge, we will be successful. Thank you for your hard work and commitment. Have a great September drill.

William D. DeHaes, Col, Iowa ANG
Commander, 132d FW

Deploying?

Here's What You Need To Know

132 FIGHTER WING CLOTHING REQUIREMENTS

NOTE: All 132FW members that are eligible to deploy (I.E. not pending retirement, re-enlistment, Medically DQ'd, etc.) will arrive ready to process during the OCT ORI. Everyone should arrive on day 1 with one personal bag containing all required clothing items listed in the table below.

Duffle Bag/Suitcase	1
ABU desert tan belt	1*
ABU Cap/Flight Cap	1*
ABU T-Shirts (desert tan)	4*
Undergarments	4*
APECS or Raincoat with liner	1*
ABUs	4*
Boots, service or combat (as applicable)	1 pair*
ABU socks (sage green)	4 pair*
Towels / Wash Cloths	2
PT Gear (shirt and shorts)	3 each
PT Jacket and Pants	1 pair
Athletic Shoes	1 Pair
Athletic Socks (Plain White)	2 Pair
Flight Suit (For aircrew in place of ABU)	3*

* Includes items being worn.

There is a BDU option for the required minimum clothing items – however it is one or the other. Deployers are not to mix and match ABU's and BDU's.

Deployers must have all requirements for the BDU's or all requirements for the ABU's. Any issues meeting this requirement should be directed toward the deploying individual's unit commander.

ITEMS REQUIRED FOR PROCESSING

- Deployment Kit
 - PRF (Dog Tags will be worn)
 - New Airman's Manual (AFPAM 10-100)
 - VRED (Current within 12 months)
 - AF Form 623, Individual Training Records and electronic training memo
- ID Card (CAC)
- Restricted Area Badge (Line Badge – if issued)
- Personal Protective Equipment (PPE)
- Helmet (worn)
- Canteen (without water)
- Gas mask and carrier (worn)
- Reflective Belt (worn)

Prohibited Items During Processing

The following items will not be brought to the Unit assembly in Building 101 (Civil Support Team) or Building 100 PDF processing.

- Any portable electronic device to INCLUDE Cell Phones, Blackberries, PDAs, I-PODS/MP-3 Players, DVD Players, LMRs, Cameras, etc., will be confiscated if brought to the Unit Assembly or PDF during processing. No Exceptions!!
- TSA Rules apply: No liquids, weapons, knives, Leatherman Tools, etc will be brought into the PDF
- Water will be supplied in the passenger holding area.
- All items as outlined in AFCENT/CENTCOM General Order -1B

.....

• An inspector may ask you to open your duffle bag/suitcase so that an inventory can be accomplished, verifying that you have the minimum clothing requirements. So be prepared. Please ensure that your bag is marked visibly with your name. You must follow the instructions for filling out your military baggage tags during processing. **72 HOUR BAGS WILL NOT BE USED, AND THE ONLY BAG YOU NEED TO PROCESS WITH IS YOUR ONE PERSONAL BAG WITH ALL CLOTHING REQUIREMENTS IN IT. NO OTHER BAGS WILL BE ALLOWED IN THE PDF.** If tasked to process through the PDF, it is highly recommended using a military type duffle bag/mobility bag; it will be easier for the baggage team handle.

.....

PDF PROCESSING

Once you have processed through the PDF, you will be escorted by your Troop Commander, UDMs or augmentees to Base X. Only regeneration personnel will be required to in-process at Base X. At Base X you will collect your personal bag and then report back to your work center for further instructions. Remember, you have just simulated a flight to the AOR and are no longer at Des Moines ANGB, so you will not be allowed to participate in home station deployment operations – this will be monitored by the IG. Base X personnel assigned to the aircraft regeneration mission should follow specific the reporting instructions at Base X, see page 4.

Display a good attitude, demonstrate customs and courtesies, be a team player, heed the feedback from the evaluators, adapt to the changes, and overcome the obstacles. Learn so we can succeed as a Unit!
