MEMORANDUM FOR HQ AFPC Test Management Office

FROM: 132 FW/FDS

SUBJECT: Request Waiver for AFCT 6 Month Time Requirement to Retest

1. I, **First Mi. Last**, would like to request to waive the six month time requirement to retest the Air Force Classification Test (AFCT). In preparation of taking my initial AFCT I dedicated **amount of hours** to studying using **reference study materials**, which led to my MAGE scores increasing **list increase(s)** and my overall AFQT increasing **list increase**.
2. The 132 FW is in the beginning stages of transitioning missions and since my current Duty Air Force Specialty Career field is being eliminated I am trying to ensure I am qualified for all new and existing Air Force Specialties (AFS). If denied the opportunity to retest within 6 months I could potentially miss out on a job opportunity that I could really flourish and excel in. **Provide brief personal statement of why you are a valuable asset.**
3. I have met with my supervisor and have developed a rather aggressive study plan. It consists of **...give a brief description of your study plan and timeframe**. If given the approval to waive the six month time requirement I would like to test in **list # months** from initial AFCT test.
4. If you have any questions or concerns regarding this waiver request please contact my Base Training Office at DSN: 261-8536 or by e-mail at 132fw.basetraining@ang.af.mil.
